Year 6	Forces	Electricity	Materials (Dissolving) - Separating	Earth, Sun and Moon	Green Plants	Scene of crime - Investigation unit

Possible long term plan for coverage of the Primary Science Programme of Study, 2014

NB Schools can choose to place the units of study in any term with the relevant Key Stage

NB There will be elements of some Programmes of Study that will need to be studied not just in one term, but in several terms throughout the year. For example, learning about seasonal changes will need to take place in different terms.

Children in Year 2 and 6 will be following old NC for this year due to SATs.
