

# Our Aims

At our initial meeting, the Speak Out Stay Safe Crew spoke about how we felt we could help the children at Queenborough School and Nursery. In the table below are some of the children's ideas:

Group One	Group Two	Group Three	Group Four
Safe on the internet	Do NOT text or speak to strangers	Don't accuse people	Stop bullying
Tell them to tell an adult or call children	Be confident to speak out	Make it so people can talk to us or a trusted adult	Make sure everyone's got someone to talk to or play with
Make sure they are happy	Keeping safe online	Keep safe online	Make sure everyone's safe online
Make sure they join in and not left out	Safe on the playground - being the buddies	Make sure that we are visible	If their feeling uncomfortable we're here to help
Make them feel safe on the playground	Be kind to everyone so everyone has a friend - learn how to sort out friends	Keep people safe on the playground	We are there if there is a problem / come see us
Understand them	Talk to a trusted adult or the Speak Out. Stay Safe crew.	Don't let people get bullied	Make sure everyone is safe on the playground
Ask if they're ok - they might have a problem	Don't share your personal information.	If we see someone on their own, then go to them and see what is wrong and see if they need help or someone to play with	Solving problems
Make them feel safe at school - understand their problems	Might not feel safe at home - Call Childline		Teach them who they need to talk to
They might be bullied so tell them to speak out			

From these ideas we decided upon our aims as the Speak Out Stay Safe Crew. These are:

- To make children at Queenborough School and Nursery feel safe and happy.
- To help children to learn about keeping themselves safe at school, on the playground, at home and on the internet.
- To make sure children at Queenborough School and Nursery know what to do if they are ever made to feel unsafe.
