Privacy Notice – How we use pupil information

Why do we collect and use pupil information

We collect and use pupil information under section 537A of the Education Act 1996, and section 83 of the Children Act 1989. We also comply with Article 6(1) (e) and Article 9(2) (b) of the General Data Protection Regulation (GDPR).

We use the pupil data:

- to support pupil learning
- to monitor and report on pupil progress
- to provide appropriate pastoral care
- to assess the quality of our services
- to comply with the law regarding data sharing
- to support you to decide what to do after your child leaves this school

Categories of pupil information that we collect, hold and share include:

- Personal information (such as name, unique pupil number and contact details)
- Characteristics (such as ethnicity, language, nationality, country of birth and free school meal eligibility)
- Attendance information (such as sessions attended, number of absences and absence reasons)
- National curriculum assessment results
- Special educational needs information
- Relevant medical information

Collecting pupil information

Whilst the majority of pupil information you provide to us is mandatory, some of it is provided to us on a voluntary basis. In order to comply with the General Data Protection Regulation, we will inform you whether you are required to provide certain pupil information to us or if you have a choice in this.

Storing pupil information

Queenborough School and Nursery will keep information about your child on computer systems and also sometimes on paper.

We hold your child's education records securely until they change school. Your child's records will then be transferred to their new school. Their electronic record will be retained until they reach the age of 25, after which it will be safely destroyed.

There are strict controls on who can see your child's information. We will not share your child's data if you have advised us that you do not want it shared unless it is the only way we can make sure your child stays safe and healthy or we are legally required to do so.

Who do we share pupil information with?

We routinely share pupil information with:

- schools or colleges that the pupils attend after leaving us
- our local authority (Kent County Council) and their commissioned providers of local authority services
- the Department for Education (DfE)
- Social Services as appropriate
- Children in Care agencies
- School Health

We may also share limited pupil data with local schools to enable the moderation of pupil assessment outcomes

and to support collaborative working through joint analysis. At times we may share pupil data for assessment purposes when using educational resources.

Why we share pupil information

We do not share information about our pupils with anyone without consent unless the law and our policies allow us to do so.

In order to meet statutory requirements around appropriate education provision, and to fulfil safeguarding requirements, we share information about school history, and the latest known pupil and parent address and contact details in the event of a Child Missing Education, or becoming Electively Home Educated. This information also supports the in-year admissions process.

We share pupils' data with the Department for Education (DfE) on a statutory basis. This data sharing underpins school funding and educational attainment policy and monitoring.

To find out more about the data collection requirements placed on us by the DfE (for example; via the school census) go to <https://www.gov.uk/education/data-collection-and-censuses-for-schools>

We are required to share information about our pupils with our local authority (LA) and the Department for Education (DfE) under section 3 of The Education (Information About Individual Pupils) (England) Regulations 2013.

A parent / guardian can request that **only** their child's name, address and date of birth is passed to their local authority or provider of youth support services by informing us. This right is transferred to the child / pupil once he/she reaches the age 16.

KCC has a legal responsibility to track all young people up to the age of 19 (and young adults with learning difficulties or disabilities up to the age of 25). The purpose of collecting this information is to assist the planning of education and training for young people and the support services they require. KCC will inform us of your child's current activity once they have left the school. This is in relation to education, training, employment with training your child may be undertaking and whether your child is NEET (not in Education, Employment or Training). Some of this information is then shared with the DfE who use the information to plan at a national level.

This enables them to provide services as follows:

- post-16 education and training provision
- youth support services
- careers advice and guidance

For more information about services for young people, please go to: <http://www.kent.gov.uk/education-and-children/young-people> or the KCC website at www.kent.gov.uk

The National Pupil Database (NPD)

The NPD is owned and managed by the Department for Education and contains information about pupils in schools in England. It provides invaluable evidence on educational performance to inform independent research, as well as studies commissioned by the Department. It is held in electronic format for statistical purposes. This information is securely collected from a range of sources including schools, local authorities and awarding bodies.

We are required by law, to provide information about our pupils to the DfE as part of statutory data collections such as the school census and early years' census. Some of this information is then stored in the NPD. The law that allows this is the Education (Information About Individual Pupils) (England) Regulations 2013.

To find out more about the pupil information we share with the department, for the purpose of data collections, go to <https://www.gov.uk/education/data-collection-and-censuses-for-schools>.

To find out more about the NPD, go to <https://www.gov.uk/government/publications/national-pupil-database-user-guide-and-supporting-information>.

The department may share information about our pupils from the NPD with third parties who promote the education or well-being of children in England by:

- conducting research or analysis
- producing statistics
- providing information, advice or guidance

The Department has robust processes in place to ensure the confidentiality of our data is maintained and there are stringent controls in place regarding access and use of the data. Decisions on whether DfE releases data to third parties are subject to a strict approval process and based on a detailed assessment of:

- who is requesting the data
- the purpose for which it is required
- the level and sensitivity of data requested
- the arrangements in place to store and handle the data

To be granted access to pupil information, organisations must comply with strict terms and conditions covering the confidentiality and handling of the data, security arrangements and retention and use of the data.

For more information about the department's data sharing process, please visit:

Requesting access to your child's personal data

Under data protection legislation, parents and pupils have the right to request access to information about them that we hold. To make a request for your child's personal information, or be given access to your child's educational record, contact the School Office in writing or by e-mail at Office@queenborough.kent.sch.uk

You also have the right to:

- object to processing of personal data that is likely to cause, or is causing, damage or distress
- prevent processing for the purpose of direct marketing
- object to decisions being taken by automated means
- in certain circumstances, have inaccurate personal data rectified, blocked, erased or destroyed; and
- claim compensation for damages caused by a breach of the Data Protection regulations

If you have a concern about the way we are collecting or using your child's personal data, you should raise your concern with us in the first instance or directly to the Information Commissioner's Office at
